

RollFix®

Classic & Slim

	Length: 1,5 m
	Width: 0,7 m
	The maximum working height for interior and exterior is 10 m
	Maximum load per platform 200 kg/m²

Rollfix is our scaffold for DIYs with an excellent price-performance ratio. It can be easily assembled by one person and without any additional tools and, thanks to its wall anchorage, it can also be assembled without additional outriggers. In the slim version, you work with fewer additional platforms and horizontal braces, which leads to considerable weight savings.
